VILLA SAYS HE WILL NOT INTERFERE WITH YANKS

Has Released All Americans Falling Into His Hands Recently.

JUST "ENTERTAINS" THEM

Only "Practical Means" To Converse With Americans He Says.

(By Associated Press.)

Washington, March 11.—Relatives and friends of Americans kidnapped by Villa need have no concern as to their safety, and may dismiss all fear that they may be held for ransom, if they repose full confidence in a communication received from the Mexican bandit leader.

According to his note of reassurance, he has adopted the only practical means he can think of to get a friendly conversation with various representative Americans who cross his trail, and while they are his "guests" they will be treated with every consideration and returned unharmed and unrobbed to their friends.

The substance of Villa's communication was transmitted to officers of the intelligence branch of the War Department, coincident with a report announcing release of Joseph Williams. Williams was the fifth American captured by Villa in two months, all of whom have been released without payment of ransom.

MINERS FAVOR STRIKE

London, March 11.—The national conference of coal miners at its session yesterday declared in favor of a general strike as a means of enforcing the demand for the nationalization of the mines.

Commission Appointed by The President Files Report Urging Wages be Raised 25 Per Cent.

HOURS ARE NOT CHANGED

Increased Price of Coal Left To Fuel Administrator 'Tis Said

Wage Increase Really 11 Per Cent Above That of Present

Increase Not to be Retroactive

(By Associated Press.)

Washington, March 11.—A 25 percent wage increase for bituminous coal miners is recommended in a majority report of the commission appointed by President Wilson to adjust the coal strike. No change in working hours or conditions was recommended. John White, representing the miners, held out for a higher wage increase, it was said, and will submit a minority report.

The wage increase proposed will absorb the 14 percent granted when the miners returned to work last November so that the actual increase is 11 percent over present wages.

The majority recommended that the check-off system by which operators collect from the miners dues to the union, be retained.

It also recommended that the question of differentials be referred to a special commission to be appointed by the joint wage scale conference and to report in two years.

The wage increase would not be retroactive. The commission did not ask that the powers of the fuel administration be conferred on it. The majority made no recommendation as to price increases to cover the advance in wages. Its statement that it did not ask for fuel administration powers was taken to mean that it held that the question of increased prices was one for the fuel administration to decide. The majority recommendations were submitted to the President but have not been made public officially.

CLAIMS MEN ARE DESERTING

(By Associated Press.)

Washington, March 11.—Unable to make both ends meet on their present pay, officers are resigning and enlisted men deserting from the army and navy "in droves" the Senate was told today by Chairman Wadsworth of the Military Committee and Senator Poindexter, republican, of Washington.

ARE OPPOSED TO STRIKING

(By Associated Press.)

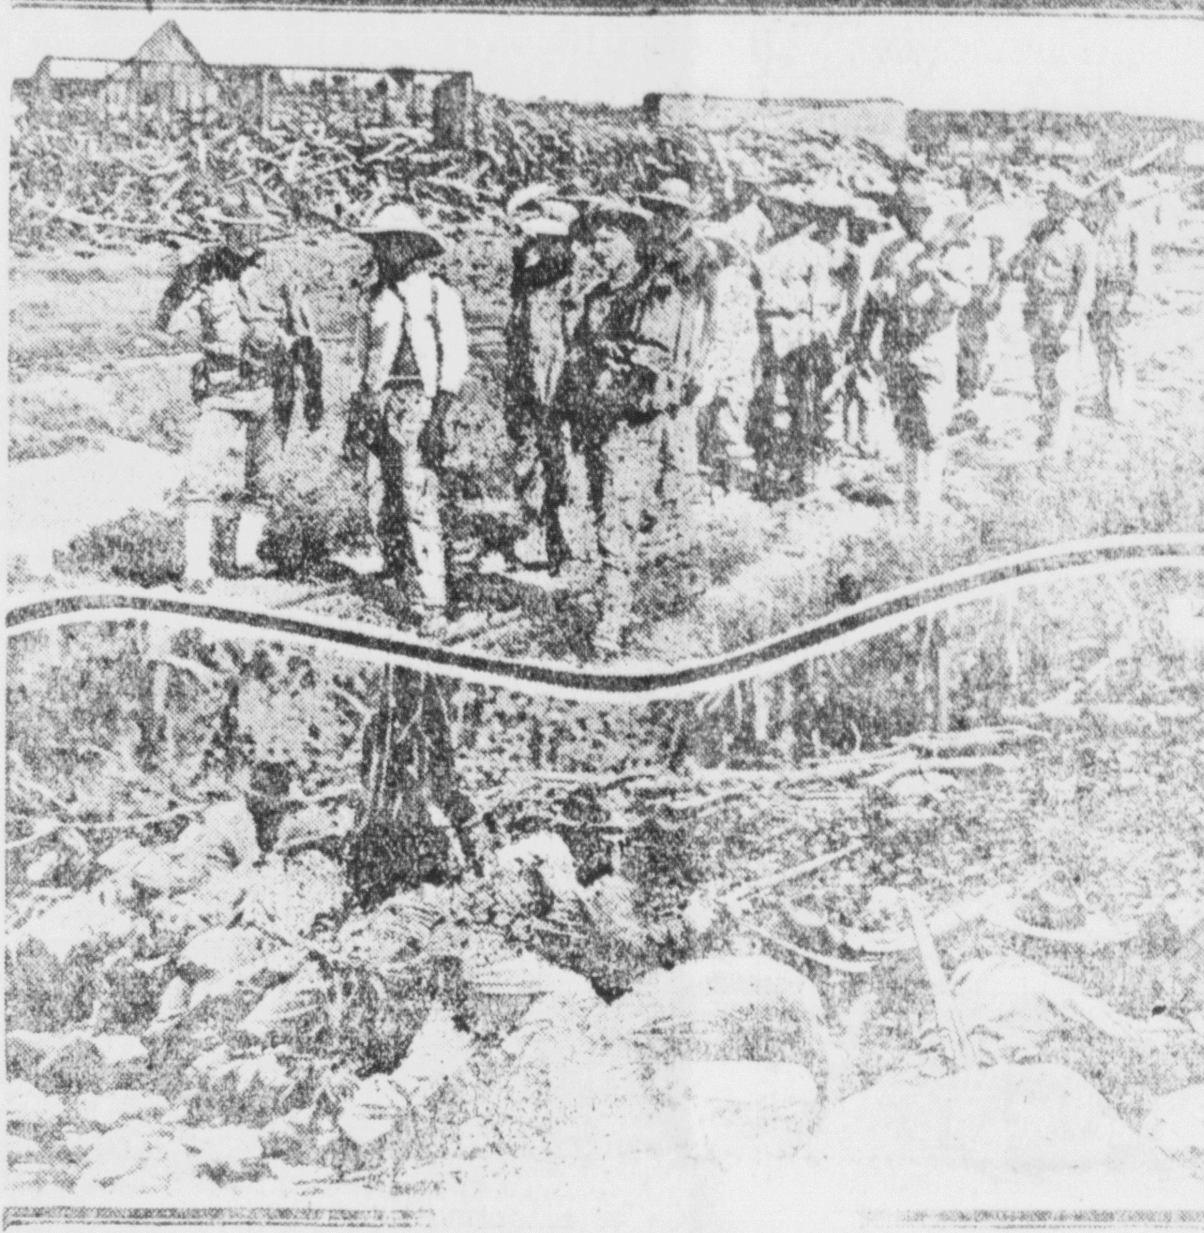

London, March 11.—The special trade union congress in session here voted against the strike policy and in favor of continued effort by constitutional means to effect the nationalization of mines.

Hitchcock Sought Action Today But Failed to Obtain Wish

(By Associated Press.)

Washington, March 11.—Senate action on Article Ten was deferred again today while the leaders sought to bring order out of the situation resulting from yesterday's break-up in the compromise negotiations.

Republican leaders were understood to have indicated they might accept with certain changes the substitute Article Ten reservation urged by the mild reservationists.

Among the democrats the compromise advocates continued actively at work, some claiming they could muster 30 or more votes for the substitute.

Washington, March 11.—An investigation of the United States Grain Corporation was ordered today by the Senate.

Senator Reed's resolution proposing the inquiry was the result of recent reports of the Federal grand jury at Spokane, Washington, was adopted after much discussion.

FRANCE STIRRED BY LAST NOTE FROM WILSON

Charges Said to Have Been Directed at France and Foch

Paris Press Says Nation Must Hold Rhine Bridgeheads

(By Associated Press.)

Paris, March 11.—President Wilson's charges against France made in the letter he sent early this week to Senator Hitchcock, administration leader in the United States Senate, are said by "Pertinax," political editor of the Echo de Paris, to "be aimed at France by name, but at Marshal Foch, by implication."

"The so-called imperialism of France," the writer says in discussing the letter, "consists in the conviction, fortified by all the lessons of history, that to guarantee herself against attacks from Central Europe she must hold the Rhine bridgeheads."

In the course of his article "Pertinax" says President Wilson went to the session of the supreme council May 29, 1919 much perturbed and read to Premier Clemenceau and Lloyd George a letter from P. B. Noyes, American member of the Rhineland commission, who declared the agreement reached on May 11 for the administration of the Rhineland was "more brutal than its authors themselves would desire as it provides for intolerable oppression of six million inhabitants of the region during many years."

The President, he says, was able to impose the views of Mr. Noyes on the supreme council and a new commission was appointed and received strict orders to prepare a new scheme of occupation based on the American ideas. Pertinax says this action was directly opposed to the plan of Marshal Foch.

Two brothers of the Hardman girl and seventeen Lexington citizens, together with several soldiers and prison guards, witnessed the execution. The negro refused to make a statement before death.

FIRM NOTE TO GERMANY

(By Associated Press.)

Paris, March 11.—The conference of ambassadors today decided to send the German government a very firmly worded note demanding immediate application of the penalties promised for the outrages suffered by officers of the inter-allied commission to the Baltic states during the German evacuation of this region which has hitherto been delayed.

HOOVER WILL GIVE TESTIMONY

(By Associated Press.)

Washington, March 11.—Herbert C. Hoover will be called to testify in the Senate investigation of the navy's conduct of the war, by request of Admiral Sims, who today said Hoover had an intimate knowledge of the situation in Europe at the time America entered the war and that he could substantiate the admiral's testimony with regard to the allies' position at that time.

M'ADOO PLAN NOT APPROVED

URGES MORE ECONOMY

Guardian of The Treasury Insists Prudence Necessary At Present.

(By Associated Press.)

Washington, March 11.—A bond issue of \$2,500,000,000 to pay adjusted compensation to former service men "might result in disaster," Secretary Houston today told the House Ways and Means Committee, which is considering soldier relief legislation.

Increased taxes to extend aid to former service men was suggested by him as "the least harmful way," but he said the proposed expenditure of two billion dollars "would be a serious one for people to confront at this time."

The present financial situation is not critical, he said. Economy by the people, avoidance of waste in expenditures, economical appropriations by Congress and prudence in handling these appropriations will naturally relieve the situation.

An attempt to sell bonds to replace other paper on the market at existing rates of interest would be difficult, he said.

LABOR MAKES NOMINATIONS

(By Associated Press.)

Washington, March 11.—Labor's nominations to the railroad labor board, the wage board of appeals on which the public will have representation, were submitted today to the President. There were ten names from which the President will select three to be sent to the Senate for confirmation along with three from the railroad executives and three representing the public.

ASK REPEAL OF LEVER ACT

(By Associated Press.)

Columbus, O., March 11.—Ohio coal operators and shippers have begun bombarding Congressmen, senators and other officials requesting repeal of the Lever act insofar as it applies to control of fuel.

The Ohio coal men complain of the diversion of coal by the fuel administration from consumers who have ordered it to others.

CAR STRIKE IN ATLANTA

Atlanta, Ga., March 11.—Atlanta's street car system was tied up yesterday by a strike of motormen and conductors, who voted to walk out because of dissatisfaction with the wage award made by a board of arbitration the night before. The men said the 15 per cent granted them did not bring their wages to the level of the cost of living.

WILL COME HERE FOR PURPOSE OF BUILDING HOMES

Construction of 100 to 200 New Residence Properties to be Considered.

Concern Making Specialty Of Housing Sends Engineer From New York.

Within the next few days some of the leading business men of the city will be called together to meet the chief engineer of the Industrial Housing Company, of New York city, who has agreed to stop here a few hours on a trip back from Chicago, and explain his firm's methods of erecting houses on a large scale to meet the needs of the city.

Attention of the firm has been called to the great shortage of houses in Washington, and the urgent need of immediate construction of scores of residences to afford relief and to meet, insofar as possible, the rapidly growing demands for homes as the city speeds forward in an industrial way by addition of new enterprises.

The representative of the firm is Charles L. Schwerin and the exact date of his appearance here has not yet been fixed, but is expected to be early next week.

What local assistance, if any, will be asked by the concern, is not known, but will be announced by Mr. Schwerin, together with all other information bearing on the subject.

Leading men of the city are beginning to realize the pressing need of obtaining the construction of more houses, and realize that unless some combined effort is made that the city's growth will be retarded, and that it will be money out of their pockets if the homes are not constructed.

Conservative estimates place the number of new houses required at fully 200, and it is believed by those in touch with conditions that this number would be filled virtually as fast as they could be constructed, and by people the majority of whom would purchase their own homes.

It is understood, although not definitely announced, that the plan of the Industrial Housing Company includes sale of newly built homes at a fair profit and upon terms which appeal to persons to own their own homes.

The firm represented by Mr. Schwerin has constructed many thousands of residences in various cities, and no housing contract is said to be too large for them.

NEW \$50,000 FOUNDRY LOCATES IN THIS CITY

Former Stove Factory Changes Hands and Big Foundry Will be Opened At Once.

WILL EMPLOY HUNDRED PEOPLE

John D. Boone, Experienced Foundryman of Detroit, Heads New Enterprise.

Formal announcement was made Thursday afternoon of the sale of the big plant formerly known as the stove factory, in the northern part of the city, and opening within the next few weeks of a modernly equipped foundry which is to employ 100 persons when in full operation, and which will be known as The Washington Metal Products Company, headed by Mr. John D. Boone, of Detroit, Mich.

Rumors of the deal have been in circulation for several days, but no definite announcement was made of the deal until Thursday.

The plant has been idle for some six years, and was owned by the Sanderson-Cyclone Drill Company, of Orville, Ohio. Sometime ago Mr. Boone and his associates, learning of the plant, opened negotiations for its purchase, and the deal has been consummated, a local committee taking up the question of constructing a line for transmission of electricity to the new concern.

Mr. Boone, who is a hustling young business man as well as foundryman of long experience, will have with him four or five associates who also are

experts in their respective lines, and all kinds of gray iron castings will be produced from the plant, there being a great demand for castings so that there is no question about a ready market for all castings that can be produced.

Formal organization of the company is now under way, and it will be incorporated for \$50,000. The personnel of the firm will be announced in the near future.

Mr. Boone has placed orders for most of the modern equipment to be used in the plant, and has arranged for necessary repairs on the plant before it can be occupied, one item alone being 2,000 window glass which have been broken out by boys and men hurling stones.

Just as soon as the equipment can reach this city and be installed, the plant will be placed in operation.

It was to help the new enterprise that council Tuesday night started legislation for improving Rose avenue, which reaches the plant by the shortest route.

Insofar as possible all local labor will be employed, and Mr. Boone announces that he is very desirous of placing young men, in addition to experienced men, teaching the new men the business. He is located at the Arlington hotel for the present.

No stock will be sold here the entire issue being taken by the men directly interested in the company.

EARL B. SAUNDERS CALLED BY DEATH

Earl B. Saunders, 22, the only son of Mr. and Mrs. Jacob Saunders, died Wednesday afternoon a few minutes after two o'clock at his home on Rawling street.

Three weeks ago the young man came home from Springfield where he had been employed for several months. He was critically ill at the time and was suffering with an acute attack of tonsillitis following the effects of the influenza. He grew worse until Wednesday morning when he became unconscious and it was seen that death was but a matter of a few hours.

Wednesday noon the young man rallied until two o'clock when the complications that had arisen in his throat caused a hemorrhage and he bled to death before his physician could arrive.

Young Saunders was well known in this city where he had lived since infancy. He attended Washing High School for a time.

Funeral services will be held Friday afternoon at two o'clock at the home on Rawling street. Burial will be made in Washington cemetery.

All In The Same Boat

We hear startling tales, almost without number, regarding the present high prices most of which we haven't, any of us, time to give more than a passing thought.

Here is a sample, though, which is of interest to everyone. On Monday The Herald received a short order shipment of newsprint paper to piece out some odd rolls. There was just about enough newsprint paper to run off, barring any bad luck, four issues. Under normal market conditions that little "jag" of paper would have cost about \$60.00, but it did cost \$270.85.

Of course everyone else has his troubles too, but right now the poor publisher seems to be leading the procession down the "new cut road."

We all know that such prices are the result. But what's the use. We know what the cause is, we realize it every time our heads are bumped into the wall, but we go right on. We haven't, the majority of us, it seems sometimes, even the courage to get busy and choose our own public servants. We let other men do that for us and the result is conditions like the present.

Well, we all know conditions—what are we going to do—get up, stir about and elect our own officials or keep on letting "George" do it. If we keep on the old way we must expect to keep on settling with "George" and his prosperous partners.

Conditions are not peculiar to the publisher—everyone is "getting his'n" and at times it hurts just as bad as the publisher's is hurting him now. The publisher is just doing a little solo out in front.

Signs Of The Time

The first three days in March, bright and warm as they were, caused the desire of folks to be up and doing things out of doors to develop into a fixed determination.

As a consequence the last day of the three which are supposed to rule the spring season—the first three in March—saw the advance lines forming for the attack on garden spots and lawns.

The "tools" were resurrected from the out-of-the-way places where they had been tossed after the work of last spring and summer was concluded and the rake, first of all the gardening tools to be used by the amateurs and semi-professionals, had already begun under the guidance of impatient folks to leave its imprint on the soft surface of the ground as the rubbish was pushed and pulled into piles.

Then came the flare back of old winter, some cold weather and a little snow which halted all out door work. But it has only been for a few days. Folks are again at work and in the back yards, of many homes the "men folks" have applied the torch to the refuse and the smoke which arises is the signal to the tardy ones to be up and doing if they want an early garden and aspire to keep in the conversations which will be held over the back fences now in a few weeks.

Yes, garden time is right here. It's early. We may be held back for short spells, but we are "all set," anxious and waiting to jump into the big game assisting nature in producing beautiful flowers and "delicious" garden stuff.

All The Worst Of It

The suggestion is being made, and seriously too, by some old world financiers, who are concerned lest the tremendous debts of war permanently disturb the finances of the European nations, that those debts be wiped out and so far as the allied nations are concerned, the world started with a clean slate.

Regardless of the amount of debts each nation has contracted during the war, regardless of the credit balances built up during the war in the international dealings, and regardless, too, of what each nation secured in territory or in cash or other indemnity from the conquered nations, it is suggested that the debts be "forgiven" all around and each nation keep what secured.

It is not difficult to surmise just where the last and final jolt would land if such a back-up plan was adopted—right here in America. We have sought nothing and obtained nothing as a result of the war, but we have loaned a tremendous sum of money.

France is gainer in rich territory, in railroad equipment and in indemnity. Great Britain obtains ships and territory greater in extent than the present area of the United States. Italy, too, gains in the Paris settlement. Of course all have paid heavily in men and property, but this nation stands on an entirely different footing. We came out of the war without a penny of indemnity from the conquered nations and without securing a foot of their territory.

POETRY FOR TODAY

SONG IN MARCH

Now are the winds about us in their glee,
Tossing the slender tree;
Whirling the sands about his furious car.
March cometh from afar;
Breaks the sealed magic of old winter's dreams.
And rends his glassy streams;
Chafing the potent airs, he fiercely takes
Their fetters from the lakes,
And, with a power by queenly Spring supplied,
Wakens the slumbering tide.

With a wild love he seeks young Summer's charms,
And clasps her in his arms;
Lifting his shield between, he drives away
Old Winter from his prey;
The ancient tyrant whom he boldly braves.
Goes howling to his caves;
And, to his northern realm compelled to fly,
Yields up the victory;
Melted are all his bands, o'erthrown his towers.
And March comes bringing flowers
—William Gilmore Simms.

CHEERFUL WORDS

For Many a Washington C. H. Household

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Washington C. H. readers.
Mrs. J. S. Wilt, 703 S. Hinde St., Washington C. H., says: "I have used Doan's Kidney Pills when troubled by disordered kidneys and backache and I have received fine results. The fact that I haven't had any symptoms of kidney trouble or back ache for the past year is proof that Doan's Kidney Pills have made a permanent cure in my case."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilt had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Advt.

HOUSTONIA AIDS NATURE'S OILING OF ACHEY JOINTS

When joints twinge and throb and pain it's sure that nature has been unable to keep the body in proper trim. Then the thing to do is give nature a help and yourself relief with a gentle massage of Houstonia. This soothing liniment penetrates to the very cause of the trouble and quickly ends your pain.

Your home should never be without Houstonia, the wonderful remedy that is more than an ordinary liniment. Houstonia relieves not by counter irritation but by penetration to the source of pain in a way that makes relief permanent. It also contains special antiseptic ingredients of unusually healing qualities found in no other liniment, and is the safest remedy you can use on cuts, bruises, burns, scalds and all sore spots. RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Dr. Harman Howland and family, of Warren, Ohio, are visiting Dr. Howland's parents, Mr. and Mrs. W. A. Howland, of Bloomingburg. Mr. and Mrs. Howland entertained as additional guests Wednesday, Mrs. Charles Engle and son, Walter, Mrs. Della Olinger, son Robert.

Rev. William Boynton Gage united in marriage at the Presbyterian manse Wednesday afternoon at four o'clock, Miss Arthelia Patterson, daughter of Mrs. William Patterson and Mr. Charles A. Miller son of Mr. and Mrs. Isaac Miller of Bloomingburg.

The bride, who is exceedingly fair in type and winning in personality, was wearing a very becoming tailored suit of navy blue serge, with georgette blouse, taupe fox fur and spring hat of black, with taupe feather trimming.

She resigned a good position as stenographer in Columbus two weeks ago and has since been at her home near town on the Columbus pike.

The bridegroom, a sterling and energetic young farmer, is now successfully operating the Couch farm near Bloomingburg.

The young couple have the best wishes of a host of friends.

In their honor a family dinner was enjoyed at the home of the bride Wednesday evening, after which Mr. and Mrs. Miller went to their own home.

The Thursday Kensington Club was indebted to Mrs. F. L. Conard, of East Point street, for pleasurable entertainment Thursday afternoon.

A daintily served collation interspersed social chat.

Mrs. Harry Taylor of Washington Avenue pleasantly entertained the meeting of the Woman's Home Missionary Society of the West Holland Church Wednesday afternoon.

Mrs. Ella Thompson, president, was in charge of the opening exercises. A helpful talk on the "Mother's Bureau" was given by Mrs. Harold Inskeep and a leaflet on "Deaconess Work" was read.

Plans were made for a Spring Market of home made eatables, to be held in this city, Saturday, March twentieth.

Delicious refreshments were served by the hostess, and Mrs. McCann entertained the women with several piano selections during the social hour.

At the next meeting, April seventh at the home of Mrs. Charles Holland the nite boxes will be opened.

Mrs. Earl Linger joined the Society.

The fortnightly dance of the Third Degree Team K. of P. was greatly enjoyed by thirty-five couples Wednesday night at the Pythian Castle.

Harvey's popular orchestra, Warren Schleich, piano, W. H. Willis banjo-accordion, E. W. Harvey saxophone, Glenn Speaks, bass violin and Floyd Miller drums, furnished excellent music introducing some of the latest popular dance hits.

Mrs. C. P. Ballard entertained the Thursday Bridge club at a luncheon of lovely appointments and the season's delicacies. Sweet peas and greenery were effectively used in decoration.

Mrs. Alexander H. Ballard, of Dayton, was a guest and the club members all intimate friends, greatly enjoyed the opportunity of renewing their friendships.

Mr. and Mrs. Thomas Cullen (nee Velma Reno) a bride and bridegroom of the St. Valentine's season, were complimented with a miscellaneous shower by Mr. and Mrs. C. W. Shough, at their home on Clinton ave., Wednesday evening.

It was a very pretty affair and afforded a delightful evening to forty guests. A green and white color scheme was employed and suggestions of St. Patrick day lent added embellishment to the decorations.

An array of beautiful and useful gifts were piled on a table, with overhead streamers caught at the corners by cunning little kewpies, dressed as bride and bridegroom. The bride opened the gifts and made graceful expression of their appreciation. In a St. Patrick and Shamrock contest, Mrs. Harry Hyer won the prize and presented it to the bride.

Mr. Thomas Cullen and sister, Miss Mary Josephine, added to the pleasure of the evening in music.

A tempting luncheon was served.

the hostess assisted by Misses Mary Josephine Cullen and Margaret Shough.

In the parlors of the Grace M. E. church Wednesday afternoon, the Women's Home Missionary society held their March meeting with Mesdames Scott Hopkins, Sarah Patton, Sharp, Davies, Will Pickering, George Cheney, Jesse Cross, Will Reif, Eva Penn and Ida Rockwell as hostesses.

Mrs. H. W. Willis lead in the devotionals, using the responsive reading. Letters of thanks from the Y. W. H. M. Society and the Olive Hill school in Kentucky. Mrs. C. S. Haver read an interesting paper on "Our Neighborhood Work." and Mrs. Scott Hopkins gave excerpts from the text book "Americanization." Mrs. K. B. Alexander and Mrs. B. E. Kelley read leaflets on the subjects, "Why I Came to America" and Olive Hill School.

Mrs. Davies gave a much enjoyed and interesting talk on her experiences in visiting missions in Denver, Colo. Miss Townsend, of the Y. W. C. A. told of the work of the local organization. Miss Annette Stafford played a piano solo at the close of the program, before the women adjourned to the dining room in the basement for a social hour and refreshments.

Mrs. Elizabeth Miller was made a member of the society.

One of the most enjoyable activities of Grace M. E. church was the social and business session of the Unit Chairmen and Secretaries, held Wednesday evening in the basement of the church.

During the social hour, Mrs. C. A. Teeters, Mrs. Will Reif, and Mrs. C. U. Armstrong, the Executive Committee of the Units, served from a prettily decorated table, delicious refreshments, interspersed with questions "Introducing Pat" and "Irish Wit" which were very entertaining.

Rev. K. B. Alexander at the business session, presented some important facts regarding the vital life of the church, followed by an interesting and enthusiastic round-table discussion.

RADIO OPERATOR BACK FROM YEAR IN PHILIPPINES

Lynn Matthews Returns To
His Home in Jeffersonville
After 31 Months' Service.

Left Manila January 28th,
and Arrived Home Late
Wednesday Night.

Lynn Matthews, son of Mr. and Mrs. George Matthews, of Jeffersonville, arrived home Wednesday midnight after more than one year's absence as United States radio operator at the Coerogidor wireless station in the Philippine islands, and after receiving his discharge from service after 31 months in the wireless service, during which time he rendered highly valuable service to the nation by intercepting German wireless messages sent from Mexico City to the great German station during the war.

Mr. Matthews enlisted in the United States radio service July 9th, 1917, and during the war was stationed at Fort San Houston, Texas, where he was night operator of the huge wireless station. He was stationed there for some 17 months, then made a brief visit home, leaving here for the Philippine islands where he arrived January 21, 1919, and returning left the islands January 28th, coming home via Honolulu, San Francisco, thence over the southern route to New Orleans and on home by way of Louisville and Cincinnati.

The island of Coerogidor, located some 30 miles off Manila, is one of the most heavily fortified islands owned by the United States, and incidentally one of the most important wireless posts. America has eight wireless plants in the Philippines.

Mr. Matthews, after a short visit at home, will be connected with some baseball association. For several years prior to his service as radio operator for the government, he was with the Texas league as outfielder, and at one time was with the Georgia Nationals.

MUST MAINTAIN GAS PRESSURE

Columbus, O., March 11.—Columbus gas companies must shut off all industrial consumers whenever the pressure falls below 50 pounds, the utilities commission ordered yesterday.

In addition, the Ohio Fuel Supply Company is ordered that it, too must shut off industries whenever pressure on its lines, at the delivery point to the local companies, falls below the 50 minimum.

The action followed consideration of a letter from City Attorney Scarlett, calling attention to 34 industrial concerns, which he declared, burned gas in excess of the amount fixed in previous orders of the commission during the recent cold snap.

NEW 'Y' MEMBERS PASS 100 MARK

An even one hundred new members was the report of the workers in the membership solicitation group at noon Thursday when they met at the Y. M. C. A. for luncheon. The reports were incomplete, however, due to the fact that several workers were not present at the gathering. Leaders were pleased with the enrollment, coming as it does from men who have never been associated with the "Y" and the addition of one hundred men and boys to the institution is considered good work.

Leaders arrayed their men for the final work Thursday afternoon and each man gave two or three hours to extending the membership invitation among those who had not previously been seen by members of the committee.

Chairman of the workers, M. E. Hitchcock, made a short talk in which he summed up the situation and said that he expected fully half a hundred new members before the entire organization gathered at the Association building Thursday evening at 7:30 for final results of the work.

Figures at noon Thursday showed

MONDELL STANDS BY THE FARMERS TALKS ON WAGES

(By Associated Press.)

Washington, March 11.—"Carpenters are getting \$1.25 an hour. There is no place on earth where farmers can make \$1.25 an hour without selling prices so high that the average person could not afford to eat."

This statement was made by Representative Mondell, of Wyoming Republican leader, before the House Ways and Means committee Wednesday in the course of a warning that "Congress must undertake a programme of attracting people back to the country as the cities are more attractive now than ever before." Mondell declared that many former soldiers were anxious to aid in reclaiming Government lands to provide homes for themselves, and urged that opportunity be given them.

DRAMA WITH THRILLS AT THE COLONIAL

The feudist battles of the south are faithfully reproduced in "In Old Kentucky," the thrilling Belasco drama now screened with Anita Stewart, which is proving a big attraction at the Colonial Wednesday, Thursday and Friday.

The story goes back to the old days of the moonshiner's battles with revenue agents, and shows the terrific battles which took place in these mountain districts.

The scenery is exceptionally beautiful, with rough and rugged mountains, the deep ravines, the crystal clear mountain streams rushing and tumbling down deep gullies and forms an enchanting setting for the mountain girl, who though born among the outlawed moonshiners, wins her way to love and success through her interdict derring and loyalty.

There is a tremendous scene in which the star on horseback leaps over a wrecked draw in a bridge over a chasm a hundred feet deep, where a single mishap would mean death; a real horse race, the Kentucky handicap, the fox hunt, with horses and hounds following in the chase, and the great ball in celebration of the winning of the Kentucky handicap—all sensational and full of thrills.

A love story and clean humor are also features of this big production.

STRUGGLE IS OVER SUFF. LEADER SAYS

New York, March 11.—"Suffrage is won. The words are simple, but they thrill as few words do or can."

This was the enthusiastic conclusion of Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, in a statement issued here on receipt of news that West Virginia had ratified the federal suffrage amendment. With West Virginia won and the Washington and Delaware legislatures meeting soon in special session, the opinion expressed at national headquarters was that "the struggle is over."

MORE FARMERS KEEP ACCOUNTS

More Ohio farmers will keep farm accounts in the year 1920 than ever before, according to J. I. Falconer, head of the Department of Rural Economics at the Ohio State University. The increasing costs of carrying on the business are making accounting as necessary for the farmer as for other lines of business. The public interest in food costs and the income tax are additional reasons why many farmers are keeping more accounts. County banks and farm bureaus have distributed free, a large number of account books during the winter. Twenty-thousand books have already been given out by these two agencies. The accounting method of studying his business has been one method that farmers have been slow to adopt in the past.

BRYAN CANNOT QUIT.

Lansing, Mich., March 11.—William Jennings Bryan telegraphed Secretary of State Vaughan yesterday requesting that his name be withdrawn from the Michigan presidential primary April 5. He was advised by Mr. Vaughan that the state law does not permit withdrawal after certification.

INCREASED VALUES

Are you carrying sufficient insurance to cover the present value of your property?

In the past three years the value of real and personal property has nearly doubled.

Have you increased your insurance by an amount that will correspond with the advance in REPLACEMENT VALUE of your property?

Have you considered how much money you might be obliged to contribute in case of loss, because your insurance may not fully protect you under present value conditions?

In nearly all instances of renewal we are obtaining increased lines on all buildings and stocks.

Present forms of policies allow you to take insurance without notice to other companies.

It is a good business foresight to discuss the point with Glenn M. Pine, "Insurance," Telephone Automatic 5881.—Advt.

TRIANGLES LOSE TO FAST TEAM IN LAST PERIOD

In the final ten minutes of a game that promised victory the Triangles, under Y. M. C. A. colors, were beaten on the local basket ball floor Wednesday evening by the East Grove City Independents 33 to 46. Until the last ten minutes the Triangle team was on even terms with their opponents and even led at the end of the first period, but the clever basket shooting of one man, Breckenridge, at right forward, spoiled the second half.

In the second half the locals were weakened by the removal from the game of Homer Smith because of personal fouls; O'Brien, with an injured knee was also taken out and Jay Burnett went in at guard. Paul Smith took center and Leslie Peterson went over to the vacant forward position.

Two minutes after referee Myers blew his whistle for the toss up the Triangles had lodged two field goals and things looked bright for a big jump on the visitors. Then the Grove City men got busy and the score stood almost even 19 to 15 favoring the locals when the gun cracked.

Grove City went after the lead in the last stand and with addition of Weygandt to the lineup for Davis soon had the figures soaring towards the wrong end of the score board. The Triangles held the lead until the figures were 25 to 24 and then lost it and the game at the same time.

Manager Hays announced that on next Wednesday evening the Petty Shoe team of Lancaster, and the team which only a week ago inflicted a one sided defeat on the Triangles will again be their opponents but this time on the local floor.

MORT HENDERSON HERE APRIL SIXTH

Fans in this city are not going to be disappointed because Mort Henderson the original "Masked Marvel" will not appear in the next wrestling match held in this city. Arrangements have been made by Promoter Irvin Bell for matching the Marvel with Paul Bowser on the evening of April 6th.

Henderson is very desirous of making another appearance in this city and his chance will come against one of the most capable men in the game. Henderson meets Cliff Binkley in Springfield Thursday evening at Memorial Hall and the outcome of the match will be watched with interest by local fans.

Bowser meets Olson here March 23rd.

CLUB PREPARING FOR GRAND RUSH
Preparations are being made at the Fayette County Automobile club of fices for a big rush for licenses on Saturday in case the Supreme court hands down a decision Friday in regard to the graduated auto tax law. The office force will be augmented by the presence of directors of the club who will assist in making out applications and issuing tags. Close to 600 sets of tags have been issued with about twenty per cent going to residents of neighboring counties. Those who will apply for auto licenses are asked to acquaint themselves with some knowledge of their cars; the new application blanks received from the Secretary of State require much data such as the model, engine number and the year made, size of pistons. The actual residence of the owner is also required. A fact not generally known is that a runabout with a bed behind for carrying merchandise is classed with a truck and must be equipped with a truck license. A time limit will probably be set in which owners may equip their cars with the 1920 license tags.

PROPERTY SELLS
Three real estate deals were closed through the Hitchcock and Dalbey agency Tuesday. Roy Parrett sold to John Markley a six room modern home on South Main street; the Lizzie Rittenhouse property on South Fayette street was sold to Clarence Daley, and the George Inskeep property on Gregg street was sold to J. R. Simmons. Mr. Simmons is connected with the Sunlight Creameries and only recently moved to this city.

J. E. BUSH BUYS DE WITT PROPERTY
Assistant Postmaster James E. Bush has purchased the Mrs. G. N. DeWitt home on Oakland avenue. The property is a modern home and will be occupied by Mr. and Mrs. Bush within a short time. The transaction was made through the C. A. Cave agency.

Corn Pain Stopped Quick
"Gets-It" Loosens Them So They Lift Off in A Jiffy.
The corn pains cease as soon as a few drops of "Gets-It" reach the corn. It goes out of the hurting business forever.
For a day or so the corn remains, getting looser and looser and without a twinge from it. Then, it gets so loose that you just lift it right off, without even feeling it, and cast it away. That's how easily and simply "Gets-It" disposes of the corn nuisance.
"Gets-It" is the unfailing, guaranteed, moneyback corn remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago.
Sold in Washington C. H., and recommended as the world's best corn remedy by Brown's Drug Store, Blackmer & Tanquary and C. S. Haver.

A PALPITATING HEART FILLED HIM WITH ALARM
But This and Charles Myers' Other Ills Surrendered to Nerv-Worth.
Anon the "other ill" was rheumatism. Even the pains from that had to go. Said Mr. Myers to Uniontown's Nerv-Worth druggist a few days ago:
Wade H. Guyton:—For five years I have been very nervous and all run down. Stomach and digestion in very bad condition. Gas formed in my stomach and pressed against my heart and caused it to palpitate and intermit. This greatly alarmed me and I was in a troubled state of mind and uneasy as to the result. Had severe headaches and rheumatism I tried all kinds of so-called remedies but got no relief what ever. I saw Nervworth statements in the papers from persons I knew who had been greatly benefited and I purchased one bottle of Nerv-Worth and took it as directed and am glad to say that all the ailments mentioned have gone and I feel like a new man and with all my normal strength and vigor. Sleep good, stomach and digestion fine. Good appetite and no more pains. Nerv-Worth worked wonders for me.

OUT IN FRONT
That's where every man wants his automobile to be. He doesn't like to take everybody's dust, and when driving in traffic he wants the motor to respond to his touch and "get out in front." That's what inefficient motor operation is not only annoying and unsatisfactory, but expensive. It uses more fuel and more oil. Bring your car around to us and let us put it in shape for the summer and operate at lowest cost. We urge prompt action, though, if you would avoid waiting.
